SMART & DIGITAL SOLUTIONS

Graphics Services

The letsee philosophy: to offer to our customers the most accurate graphic solution. Whether for large programs or simplified productions, letsee provides in-depth avices and delivers high-end solutions, yet very easy to use by any operator.

Sport - TV Shows - Entertainment - Corporate - Advertising - E-gaming

CLASSICS SOLUTIONS

AN INCOMPARABLE SERVICE

letsee's teams guide you as you create and composite your productions using the key graphics platforms on the market (such as VIZRT, ROSS and CHYRONHEGO).

These systems are compatible with statistics streams (OPTA, STATS, INSTAT, etc.) score boards data and interface with the social networks.

BENEFITS

These powerful, universal graphics engine solutions have won recognition from operators around the world. Graphics can be integrated and adapted on site or in remote production.

OPERATORS

ESSENTIAL solutions should be managed by skilled operators.

#CAST SOLUTIONS

EXCLUSIVE TOOLS

letsee has developed unique solutions «tailor-made»: #CAST and Prizm.

Compatible with official statistics streams (OPTA, STATS, INSTAT, etc.), our solutions are powerful, simple and easy to use. They can be used locally or in remote production environment (multiplex IP broadcast output) by anyone from production.

BENEFITS

Each graphic line has custom behavior that the #CAST and Prizm can respect in a simplified and completely elegant way. Our team will collaborate with you throughout your project.

USERS

The user interfaces have been designed to be easily used by people with all levels of skill.

Users do not need to be highly trained as they will be able to operate all functions intuitively.

Dynamic graphics

VolleyCast

FootCast

CycloCast

But also rugbycast, scorecast, ironcast, freeridecast, rugbycast, basketcast, hockeycast...
